Never before has and perhaps never again will, a structure of such monumental significance emerge, that too in the very heart of Mumbai – India’s gateway to the world

But Oberoi Splendor iconic status cannot only be attributed to the sheer scale of its structure. It is a symbol of our times, a reflection of India’s stature on the global stage and a tribute to the collective vision of the greatest talent

Designing a structure this historic and unique would have been daunting for anyone, barring a firm with credentials that are perhaps as extensive as its lists of landmarks

Oberoi Splendor is yet another masterpiece to join the ranks of these remarkable structures. It is a destination unto itself, which has set the benchmark for urban planning in the country. It consists of 6 magnificent towers having two wings per tower and 26-storey respectively

Needless to say, Oberoi Splendor have surpassed themselves yet again. Whether it’s the monumental height of the edifice, the unique configuration that provides spectacular and unobstructed views from each residence, or the sheer luxury with
